### What happens next?

#### Assessment process

Once the call submission deadline is reached your application will be sent for assessment. This is subject to the fulfilment of the eligibility criteria. The evaluation process follows these steps:

- All eligible applications will be assessed by at least 3 independent experts selected from the Eureka Expert Database. The evaluators will score each question and provide feedback to justify those scores
- The Legal and Financial Viability Check is performed by the National Funding Bodies on a participant basis to determine whether every consortium partner is eligible for funding. This Legal and Financial Check is performed in parallel to the technical evaluation.
- During this step, the National Funding Bodies maybe require additional information to their national applicants. Please check your email regularly.
- The Independent Evaluation Panel will evaluate the proposals and establish a Ranking List that will determine which projects are recommended for funding.
- The Ethics Panel does not give scores to projects, but elaborate an Ethics Report that might require you to submit additional documentation before or during the implementation of the project to ensure that you comply with the ethics standards set up under Horizon Europe.

The main project partner will receive an email to confirm that the application has been submitted.

All partners may view or print the submitted application at any time.
